

PRODUCT SUMMARY

MindWise™ combines exotic sacha inchi (*Plukenetia volubilis* L.) nut oil with proprietary MindWise oil and Memory blends for a unique, powerful brain function-supporting supplement. Native to the Amazon rainforest, sacha inchi nuts have a desirable nutritional profile that includes protein, linoleic acid, and α-Linolenic acid. Their high proportion of unsaturated fatty acids and unmatched percentage of omega-3 fatty acids make them a popular vegetarian option. Medium chain triglycerides (MCT) and pure essential oils complete the MindWise oil blend.

The proprietary memory blend features ALCAR, GPC, and bio-identical CoQ10, ingredients that have been studied for their support of normal brain function.* With a unique, quick-absorption emulsion delivery system and generous amounts of vitamin D3, MindWise is a premium supplement that supports improved memory function and overall cognitive health.*

PRODUCT OVERVIEW

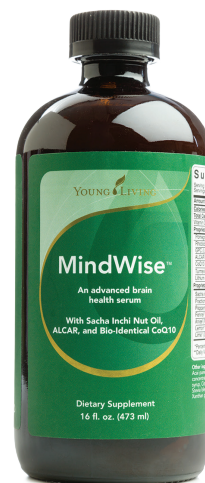

- Sacha inchi, one of the oldest cultivated plants in Peru, is a great source of linoleic acid and offers one of the best saturated to unsaturated fat ratios of any plant.
- Coconut oil is composed predominately of medium chain triglycerides (MCT), which are shown to support brain health.*
- CoQ10 is found in every cell of the body and is necessary for the basic functioning of cells.

BENEFITS & FEATURES

- Supports normal brain health*
- Supports normal cardiovascular health*

SUGGESTED USE

- Shake well before use.
- Adults (12+): Take 1–2 tablespoons once daily or as needed.
- Children (6–12): Take 2 teaspoons once daily.
