SAVVY MINERALS BY YOUNG LIVING™ MULTITASKER

PRODUCT SUMMARY

The final step in pulling together your look is to define and accentuate your eyes. Richly pigmented, this deep and dark shade does the work of three products in one: eyeliner, eyeshadow, and brow filler. Our mineral-based Multitasker has a fine texture that blends beautifully for a smooth, even, and buildable application.

Our Multitasker's sensitive skin formulation will stay put from sunup to sundown. For eyeliner, apply it dry to the lash line for a subtle look or wet for a precise, dramatic definition. As an eyeshadow, apply it to the crease of the eyelid to add dimension. To create an on-trend eyebrow look, use it to darken and fill your brows with a small brush, using their natural shape as a guide. Whatever you do with your Multitasker, you'll be creating a steal-worthy look.

KEY INGREDIENTS

Mica and Aspen bark extract

EXPERIENCE

With a fine texture and rich pigment, this buildable, blendable mineral color applies smoothly on eyelids, lash lines, brows, and more. For a more dramatic look, moisten your brush for a deeper color and more distinct line.

PRODUCT BACKGROUND

Savvy Minerals by Young Living was created to help you feel confident without compromise. We believe in empowering women to stand out in their own unique, natural beauty, while using products with quality, purity, and safety as the ultimate goal. Unlike most mineral powders, Savvy Minerals products are made from finely ground mica and free from fillers like talc and bismuth, so you can feel great about how you look and what you're using on your skin.
