

PRODUCT SUMMARY

Thieves[®] Automatic Dishwasher Powder is made with a proprietary blend of biodegradable cleaning agents and enzymes that combines the cleaning properties of soap-producing botanicals and the purity of Thieves[®], Lemongrass, and Orange essential oils. Our ultra-concentrated formula uses plant-based, naturally derived ingredients to take on even your dirtiest dishes without compromise.

Like our other Thieves household cleaning products, you can feel good about using Thieves Automatic Dishwasher Powder in your home! This plant-based formula contains no added synthetic surfactants, artificial fragrances, dyes, or phosphates, allowing dishes to come out clean and free of any chemical taste or food particles.

KEY INGREDIENTS

Thieves essential oil blend, Orange essential oil, Lemongrass essential oil, protease enzyme, amylase enzyme

EXPERIENCE

Thieves Automatic Dishwasher Powder tackles even the dirtiest dishes with ease, leaving your dishes fresh and sparkling clean without any harsh chemicals.

PRODUCT BACKGROUND

For decades there haven't been any real improvements when it comes to doing the dishes—and we think that it's time for a change. Instead of cleaning dishes with pollutants like phosphates and harsh, synthetic ingredients, Thieves Automatic Dishwasher Powder combines naturally derived saponins from soapberries with biodegradable enzymes and essential oils for a superior cleaning system.

Soapberries—also called soap nuts—are wild-harvested botanicals that contain saponins, which are plant-based cleaning agents that help remove grime, grease, and food particles from dishes. Since they produce soap with few suds, soapberries are perfect for modern automatic dishwashers.

In addition to our proprietary combination of Thieves, Lemongrass, and Orange essential oils, Thieves Automatic Dishwasher Powder provides protease enzymes that help remove proteins and amylase enzymes that help remove fats, including grease and oil that tend to cling to dishes.

BENEFITS & FEATURES

- Removes dried-on food, grease, oil, and other contaminants
- Deodorizes and neutralizes odors
- Leaves dishes sparkling clean
- Infused with essential oils for extra effectiveness and a great, fresh scent
- Made with naturally derived, non-GMO ingredients for a sustainable formula
- Contains no dyes, phosphates, artificial fragrances, or synthetic surfactants

DIRECTIONS

Place 1 scoop of Thieves Automatic Dishwasher Powder in the dishwasher dispenser. For hard water or heavy or difficult loads, use 2 scoops.

CAUTIONS

Keep out of reach of children.

In case of eye contact, flush thoroughly with water.

If swallowed, drink plenty of water to dilute.

THIEVES® Automatic Dishwasher Powder

FREQUENTLY ASKED QUESTIONS

Q. How much dishwasher powder should I use per load of dishes?

A. For a normal dish load, use 1 tablespoon. For heavy loads or if you have hard water, use 2 tablespoons.

Q. Does Thieves Automatic Dishwasher Powder have a rinse aid ingredient, or should I add a separate rinse aid to my washer?

A. Thieves Automatic Dishwasher Powder contains sodium citrate to help prevent spots appearing on glass. However, a citric acid-based rinse aid is recommended for enhanced spot protection if you have hard water.

Q. Does Thieves Automatic Dishwasher Powder smell like Thieves essential oil blend?

A. Thieves Automatic Dishwasher Powder has a fresh citrus scent due to the addition of Orange and Lemongrass essential oils.
