

# SACRED SANDALWOOD

Product Size 5 ml Item No. 30733

This sandalwood variety is native to India and is steam distilled at our partner farm in Australia's tropical northern outback to ensure its authenticity and purity. Sacred Sandalwood essential oil provides an uplifting, warm, woody, and sweet aroma, while offering a variety of skin benefits.

## KEY INGREDIENTS

- Sacred Sandalwood essential oil

## EXPERIENCE

Sandalwood is a recognisable base note in many perfumes and fragrances. Its distinctly warm and woody aroma is the perfect complement to pampering spa treatments, relaxation time, yoga, and meditation. It can also help enhance the natural radiance of radiant-looking skin and reduce the appearance of fine lines and puffiness.

## BENEFITS AND FEATURES

- Warm, woody, sweet aroma.
- Supports the appearance of radiant-looking skin.
- Complements yoga or meditation session to inspire passion and feelings of confidence and clarity.
- Enhances your favourite skin and hair products.

## SUGGESTED USE

- Add 1–2 drops to your daily moisturiser to promote radiant-looking skin.
- Apply over your heart or on your wrists to enjoy a warm, sultry aroma.
- Mix 2–3 drops with Young Living V-6® for a relaxing massage.
- Diffuse during meditation to promote feelings of spirituality.

## CAUTIONS

Keep out of reach of children. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use.

## PRODUCT BACKGROUND

Sandalwood essential oil has long been coveted for its skin-benefiting properties, seductive aroma, and use during spiritual ceremonies. It's perhaps even more sought-after today than it was in ancient times. Because of this, the purity of Indian Sandalwood essential oil is often compromised due to an expanding black market. To ensure the purest, most authentic oil possible, Young Living's Sacred Sandalwood essential oil comes from the pristine Santalum album species transplanted from its native home in India to our partner farm in Australia, which has a similar landscape and climate. The Australian plantation follows our strict Seed to Seal® guidelines and maintains award-winning sustainability measures to protect this highly sought-after oil.

## INGREDIENTS:

Santalum album  
(Sacred Sandalwood)\* wood oil  
\*100% pure, essential oil
