

PRODUCT SUMMARY

The beautiful coasts of Australia and Tasmania boast a playful white and pink flower known as kunzea. Produced from the steam distillation of the leaves and green branchlets, Kunzea essential oil offers a spicy and woody aroma to uplift any environment. With properties that help soothe fatigued muscles when used as part of a massage and work to reduce the appearance of blemishes, Kunzea will be a new household staple. Use alongside Purification® to help purify the air or instead of Tea Tree for a more pleasant aroma and milder sensation when applied topically.

KEY INGREDIENTS

Kunzea essential oil

EXPERIENCE

Kunzea has a clean, spicy and woody aroma. It has comparable properties and uses to Tea Tree oil but offers a more pleasant aroma and milder feel when applied topically.

PRODUCT BACKGROUND

A native shrub that grows wild along the southern coast of Australia and Tasmania, kunzea was used for centuries by native cultures. The kunzea plant, with its bulbous tops and whimsical blossoms, is commonly referred to as "White cloud." Its white and pink flowers are found growing in sandy soils along coastal regions and often attract native insects, birds and small animals.
