Manuka

Product Background

Manuka (*Leptospermum scoparium*) comes from the myrtle family and is native to Australia and New Zealand. Manuka essential oil has a woody, slightly sweet scent and is steam distilled from the leaves and stems of the plant. It can be compared to Tea Tree oil, as it shares many of the same benefits. Young Living's Manuka is wildcrafted from the East Cape region of New Zealand.

Directions

Topical: Apply 2–4 drops directly to desired area. Dilution is not required, except for the most sensitive skin. Use as needed.

Cautions

Keep out of reach of children. For external use only. Keep away from eyes and mucous membranes. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use.
