Product Background

A key essential oil in this Young Living exclusive blend is Lavender, which is produced by steam distilling the flowering tops of the plant. It takes 2.5 square metres of lavender plants to make one 15 ml bottle of Lavender essential oil. Young Living has three farms that grow lavender, located in Utah, Idaho, and France. Lavender has an aroma known for creating a calming and relaxing atmosphere.

As part of a nighttime routine, roll on KidScents DreamEase and allow your child to breathe in the sweetly calming scents of Lavender, plus Geranium and Roman Chamomile. The aroma promotes feelings of relaxation and tranquillity for bedtime routines, making for less fuss before bed.
