Savvy Minerals®

VOLUMISING MASCARA

PRODUCT BACKGROUND

For generations, wearing makeup meant covering your skin in harsh, even toxic, substances. For the last few decades, we've seen the rise of clean beauty and all the buzz words that go with it: paraben free, phthalate free, etc. But what does that even mean? With Savvy Minerals® by Young Living, you can be confident you are part of The NEW Standard in Clean Beauty.

DIRECTIONS

Apply mascara from the roots of the lashes to the tips on upper and lower lashes. Wiggle wand while using an upward stroke to deposit extra product. For best results, allow mascara to dry between additional applications to build extra volume and length.
