YOUNG LIVING
ESSENTIAL OILS

WHITE ANGELICA

PRODUCT SUMMARY

Lovingly harvested from plants native to exotic destinations around the world, the 10 essential oils in White Angelica come together to create a one-of-a-kind blend. Geranium, Ylang Ylang, Melissa and Rose provide sweet, floral notes; Bergamot and Melissa offer a boost of bright citrus; and Myrrh, Northern Lights Black Spruce, Hyssop and Sacred Sandalwood balance the blend with a warm, woodsy base.

With the aroma of White Angelica essential oil blend, you can create a positive atmosphere and inspire feelings of security and optimism—no matter what life throws at you. People also love White Angelica for its skin-beautifying benefits. Add a couple of drops to your favourite lotion to help give your skin the TLC it needs.

KEY INGREDIENTS

Bergamot, Myrrh, Geranium, Sacred Sandalwood, Ylang Ylang, Melissa and Rose essential oils

EXPERIENCE

Add a touch of warmth, peace and comfort to any space by diffusing White Angelica's sweet, floral, earthy aroma.

PRODUCT BACKGROUND

Each essential oil in White Angelica was carefully selected to help promote a positive, peaceful atmosphere when diffused. Ylang Ylang has a luxurious, velvety scent and is often used as a key note in perfumes. Bergamot is cold-pressed from the resin of the bergamot fruit and adds a fresh, bright aroma. Although Melissa comes from the leaves of the Melissa herb, it also has notes of citrus and is treasured for its gentle, comforting aroma. Geranium has been used for centuries for its lovely, soft fragrance and skin-benefitting properties. The classic scent of Rose gives the blend a touch of sweet nostalgia and offers skin benefits. Myrrh, Hyssop, Black Spruce and Sacred Sandalwood balance the sweet and fresh aroma of the floral and citrus oils with a deep, rich, earthy scent.

BENEFITS & FEATURES

- Has a sweet, warm, floral fragrance
- Can be diffused to create a peaceful, comforting environment
