

PRODUCT SUMMARY

Any pet lover wants the best for their furry friend. This animal essential oil can be applied topically for a refreshing scent. Infused with earthy notes of Myrrh, Palo Santo and Ocotea leaf oil for a warm and soothing scent.

Ready to spoil your furry friend? Simply dilute the animal essential oil blend with a carrier oil as noted on the bottle, rubbing between your palms until your hands are no longer shiny. Gently massage your pet's back, belly and behind ears, making sure to avoid their eyes.

Expertly made without synthetic perfumes, dyes, artificial colours or fragrances.

A portion of all proceeds from Animal Scents products will help support Vital Ground, a non-profit organisation dedicated to protecting the habitat of grizzly bears and other wide-roaming wildlife.

KEY INGREDIENTS

FREQUENTLY ASKED QUESTIONS

Q: How much does Pet Fresh need to be diluted before application?

A: This product is prediluted specifically for animals. However, additional dilution may be required depending on the size and sensitivity of the animal. Each animal has different levels of sensitivity. Therefore, start by diluting heavily and use in moderation. We also suggest testing

the blend on a small area before widely spreading the application. Carefully observe how each animal responds to the oils, and act accordingly.
