

PRODUCT SUMMARY

Show your pet some love with this fresh animal essential oil blend. Inspired by the great outdoors and infused with cool Mountain Savory, woody Palo Santo and sweet Rosemary oils. Simply add a few drops topically, treating your pet to a gentle massage, brushing for a beautifully soft finish.

Ready to spoil your furry friend? Simply dilute the animal essential oil blend with a carrier oil as noted on the bottle, rubbing between your palms until your hands are no longer shiny. Gently massage your pet's back, belly, and behind ears, making sure to avoid their eyes.

Expertly made without synthetic perfumes, dyes, artificial colours or fragrances.

A portion of all proceeds from Animal Scents products will help support Vital Ground, a non-profit organisation dedicated to protecting the habitat of grizzly bears and other wide-roaming wildlife.

KEY INGREDIENTS

Patchouli, Lavender, Mountain Savory, Palo Santo and Citronella essential oils

EXPERIENCE

Help Fido freshen-up with this cool peppery blend, infused with Mountain Savory, Palo Santo and Lavender oils. You may like to apply a few drops into a large spray bottle and fill with water. Spritz lightly onto your pet for a subtle sweet and spicy scent that is perfect after a day of play and adventure.

PRODUCT BACKGROUND

Bring nature indoors, adding this cool earthy blend to your pet grooming ritual. Specially formulated for pets and livestock. Featuring spicy Mountain Savory, sweet Citronella and calming Lavender oils.

ANIMAL SCENTS PURICLEAN

HOW TO USE

- Carefully apply topically according to the size and species of your animal.
- You may like to use our AromaGlide Roller Fitment for a more even application.
- Gently massage your pet's back, belly and behind ears, making sure to avoid their eyes.

DIRECTIONS

Use topically on animals only.

Carefully apply according to the size and species of the animal.

Additional dilution is recommended for smaller animals.

Patch test on a small area prior to use.

Recommended dilution ratios of Young Living V-6® to blend: Small-sized animals: 4:1; Medium-sized animals: 3:1; Large-sized animals: 1:1.

CAUTIONS

Take care when using essential oils, avoiding citric ingredients around cats. For external animal use only, avoiding eyes and mucous membranes area. Consult with a veterinarian for further advice. Store in a cool, dark place, out of reach from children.

*100% pure essential oil

FREQUENTLY ASKED QUESTIONS

Q: Tea Tree is toxic to animals. Why is it included in PuriClean?

A: The safety of essential oil usage with animals largely depends on the size, species and health of the animal, as well as the amount used and the quality of the essential oil. The Animal Scents essential oil blends, including PuriClean, are prediluted specifically for the sensitivity of animals. In addition, as Tea Tree is included as part of the blend, it is even lower in concentration. We have formulated the Animal Scents products to contain the best ingredients and appropriate amounts to ensure the health and safety of animals. However, if you have further concerns, we suggest speaking with a veterinarian.

Q: How much does PuriClean need to be diluted before application?

A: This product is prediluted specifically for animals. However, additional dilution may be required depending on the size and sensitivity of the animal. This product was specially formulated for all animals, and each individual animal will have different levels of sensitivity. Start by diluting heavily and use in moderation. We also suggest testing the blend on a small area before wide-spread application. Every animal is different, so carefully observe how each animal responds to the oils.
