

PRODUCT SUMMARY

Give the delicate skin on your face the gentle care it needs with Mirah Luminous Cleansing Oil! Formulated with essential oils like Sandalwood, Rose and Jasmine and pure carrier oils, including jojoba and argan, this facial cleanser removes pore-clogging impurities without stripping away the natural oils your skin needs.

Traditional cleansers are often harsh and leave skin thirsty—encouraging it to produce pore-clogging grease. Mirah Luminous Cleansing Oil uses cleansing and clarifying oils to remove the impurities, improving skin texture and leaving you glowing!

KEY INGREDIENTS

Ylang Ylang essential oil, Joy essential oil blend, jojoba seed oil and argan oil

EXPERIENCE

Simply massage into skin to dissolve makeup and other impurities. Rinse with warm water and you'll be left with fresh, moisturised, glowing skin and a luxurious floral fragrance.

PRODUCT BACKGROUND

The beauty industry has fallen in love with the oil-cleansing method. Instead of using harsh cleansers to remove impurities, people now realise that clarifying and cleansing oils can be used to remove and replace impurities that cause uneven texture and blemishes. Mirah Luminous Cleansing Oil is gentle on skin but tough on makeup, dirt and the oils that clog pores.

FREQUENTLY ASKED QUESTIONS

Q. What is the oil cleansing method?

A. The oil cleansing method uses gentle oils to cleanse your skin. Oil dissolves oil, so instead of stripping your skin of its natural oils like traditional cleansers, the oil cleansing method removes makeup and impurities, while softening and moisturising the skin with cleansing and beautifying oils.

Q. Is this recommended for oily skin?

A. Yes, Mirah Luminous Cleansing Oil is formulated for all skin types. This product won't clog pores and leaves no heavy, oily residue.

Q. Can I use this as a makeup remover?

A. Yes, our cleansing oil is made to remove make-up and other products that leave residue on your face, such as water-resistant sunscreen.

Q. Does this product contain gluten or any ingredients derived from gluten?

A. No.
