

# Cypress

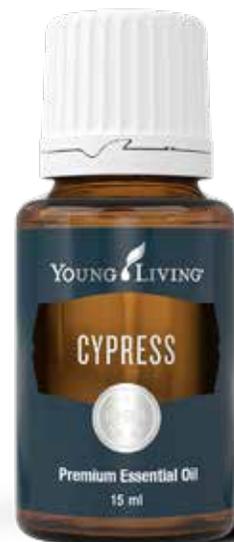

Product Size: 15 ml Item No. 32019

---

Cypress (*Cupressus sempervirens*) has been valued for centuries for its strength and durability, with wood used by ancient civilisations for ships, bows, and coffins. Its botanical name comes from the Greek *sempervivum*, meaning “live forever,” reflecting the tree’s strength and durability.

Cypress essential oil has a clean, woody, evergreen aroma that promotes a sense of grounding, calm, and stability. Applied topically, it supports the appearance of healthy-looking hair and can be incorporated into skincare routines for a refreshed complexion.

Versatile and uplifting, Cypress blends beautifully with oils such as Frankincense, Cedarwood, Marjoram, and Copaiba, making it ideal for massage, meditative rituals, or DIY beauty. Its enlivening, stabilising aroma is perfect for moments when you want to feel centred, secure, and serene.
