## The power of your purchase

Our Seed to Seal® commitment to sourcing the highest-quality essential oils also means supporting communities and ecosystems worldwide.

Our Lavender essential oil comes from farms in Utah and France, where we partner with farmers who've cultivated lavender for generations. We grow our lavender from seeds— rather than using clones—to keep the plants healthy and vibrant, ensuring you get the best quality oil.

At our Simiane-la-Rotonde Lavender Farm and Distillery in France, generations of care and craftsmanship come together under the guidance of Nicolas Landel, whose family helped inspire Young Living's journey. This very farm was where our founder, D. Gary Young, first fell in love with French lavender—a passion that lives on in every drop of essential oil and in every bottle of our Revitalising Bath & Shower Gel, Lavender.
