

Sprout the Puppy Diffuser

Item No. 42123

Sprout the Puppy Diffuser functions as an atomiser and aroma diffuser in one simple-to-use product. More than the world's cutest diffuser, Sprout is also custom designed with features you'll love. Sprout offers up to 5 hours of continuous diffusion and 10 hours of intermittent diffusion with automatic shutoff. It also has an ambient light control, a speaker with pre-programmed white noise, and touch-sensitive controls. Our puppy pal is ready to become your child's favourite bedtime buddy!

Benefits and Features

- Diffusing essential oils offers a perfect way to relax and creates an aroma-filled atmosphere of peace and harmony for your child.
- Three run modes are perfect for a customisable experience:
 - High mode runs approximately 5 hours continuously
 - Low mode runs approximately 8 hours continuously
 - Intermittent mode (1 minute on/1 minute off) runs approximately 10 hours.
- Touch-sensitive controls makes it easy for child to adjust when under adult supervision.
- The diffuser includes a speaker with pre-programmed white noise and adjustable volume settings.
- The diffuser's light settings can operate independently as a soothing night light.
- The diffuser has 7 fun colour options: red, yellow, yellow-green, green, light blue, blue, and lavender.

Suggested Use

1. Remove Sprout's lid.
2. Add water to the fill line marker. For proper function, do not add water beyond the fill line.
3. Add 5-8 drops of your favourite essential oils.
4. Replace the lid.
5. Plug the USB cord into the base of the unit and into an adapter. Plug the adapter into a power outlet.
6. Touch the touch-sensitive nose to start diffusing.
7. Check to see that the unit is producing mist and that the LED light is on.

Sprout the Puppy Diffuser

Directions

Fill the reservoir and add 5-8 drops of essential oils. Select your preferred diffusion and light modes and enjoy.
