Key Ingredients

Pink Himalayan Sea Salt Scrub:

- Pink Himalayan sea salt: This all-natural salt is harvested from ancient sea salt deposits deep in the Himalayan mountains, where it was covered with snow, ice, and lava for centuries, protecting it from many pollutants and making it one of the purest sources on the planet. This salt's relaxing exfoliating experience delivers key skin-soothing minerals to your bath.
- Green tea extract: Green tea is rich in moisturising antioxidants and has many skin benefits, including softening skin, as well as protecting from the environmental causes of dry skin.
- Aloe vera: Aloe vera is a natural emollient that helps moisturise skin. The lignin present in aloe vera has

been shown to help essential oils penetrate deeper into the skin.

Body Butter:

- Mango seed butter: Made from the oils of mango seeds, this butter moisturises dry skin, leaving it silky smooth and rejuvenated.
- Cupuacu seed butter: High in essential fatty acids that are effective at delivering deep moisture to the skin, this body-loving butter helps your skin look healthy and maintain a youthful appearance.
- Jojoba oil: Naturally high in vitamin E, jojoba oil is an antioxidant-rich moisturising oil that protects your skin from environmental stressors that cause dryness.
