

WINTER NIGHTS HAND LOTION

Product Size 226 g Item No. 33288

When the days grow shorter, and the air grows crisp and colder, how do you lift your spirits? Bolster yourself with Young Living's new Winter Nights Hand Lotion. Enjoy the crisp, sweet, evergreen scents of Northern Lights Black Spruce, Peppermint, Cedarwood, and Orange as they come together in a delightful holiday combination, bringing to mind the magic of softly falling snow, the peace of crisp midnight air in winter, and the warmth of cosy spaces. Made with naturally derived ingredients, this lotion lifts spirits and hydrates hands, helping you to focus on all the best that the winter season has to offer.

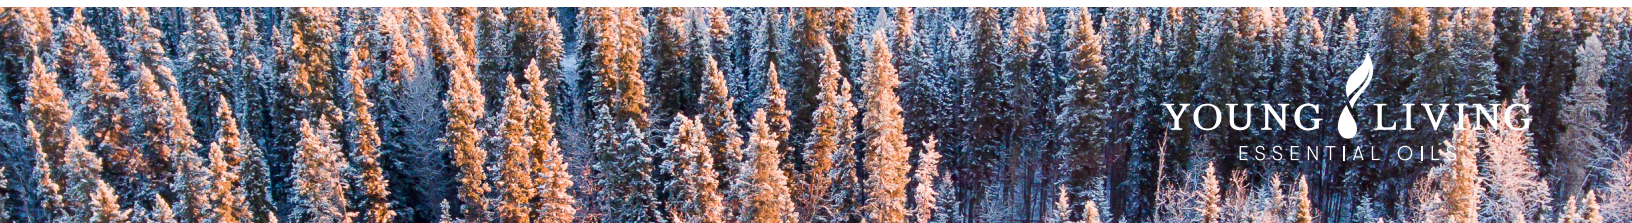

KEY INGREDIENTS

- **Mango butter:** Obtained from the deshelled fruit kernels of mango trees from India, this mango butter prevents skin from drying and helps it look youthful.
- **Watermelon seed oil:** This oil absorbs quickly and is a good skin moisturiser. It penetrates the skin to protect against the appearance of premature aging.
- **Apple extract:** A moisturising saccharide complex extracted from dried apples. Apple extract can immediately improve the feel and appearance of skin by reducing dryness and providing up to 6 hours of moisturisation support.
- **Exclusive Young Living Winter Nights essential oil blend:** Pure essential oils including Northern Lights Black Spruce, Peppermint, Cedarwood, and Orange infuse Winter Nights Hand Lotion with wintry scents that delight the senses at any time of year.

WINTER NIGHTS HAND LOTION

PRODUCT BACKGROUND

Make the brisk winter air come alive with every pump of Winter Nights Hand Lotion! The cooling aromas of Northern Lights Black Spruce and Peppermint treat your senses, while our naturally derived formula moisturises dry winter skin. Hydrating botanicals soften skin while pure essential oils nourish making it feel softer, which is especially important during the driest of seasons. Warm your heart and soothe dry skin with the crisp and refreshingly peaceful aroma of Winter Nights Hand Lotion.

DIRECTIONS

Pump onto hands and massage into skin.
