Hydrate and soften hands with the bright, citrusy aroma of our Lushious Lemon Hand Lotion, which is infused with Young Living's signature scent Lushious Lemon. This clean, naturally derived, and highly moisturising hand lotion is specially formulated to soften and smooth dry skin. The creamy, fatty acid and antioxidant-rich formula quickly absorbs into the skin to provide immediate, long-lasting hydration while protecting the skin's natural moisture barrier, helping to avoid a greasy or heavy feel. Pair it with our other Lushious Lemon products for a fragrant burst of invigoration that's as fresh and clean as it smells.

Key Ingredients

Mango Butter: Obtained from the deshelled fruit kernels of mango trees from India, mango butter prevents the skin from drying and helps it to stay looking youthful.

Apple extract: A highly moisturising saccharide complex extracted from dried apples that can offer your skin up to 6 hours of moisturisation support, apple extract immediately improves the feel and appearance of skin by reducing dryness and increasing skin hydration.

Watermelon seed oil: This oil from India absorbs quickly and is a good skin moisturiser that penetrates the skin to protect against the appearance of premature aging, including lines and wrinkles.

Young Living's Lushious Lemon: Our Lushious Lemon essential oil blend helps neutralise unwanted odours thanks to the bright, citrus notes of Lemon Myrtle and Lemon; the fresh, floral scent of Ylang Ylang; and the cool, inviting aroma of Spearmint and Eucalyptus.
