

Valor® Deodorant

Product Size 42.5 g

Item No. 28273

Young Living's exclusive Valor® Deodorant boldly fights odours and leaves behind a woody, forest-fresh aroma! Its woody scent – from a combination of pure Black Spruce, Blue Tansy, and Frankincense essential oils – neutralises odours while leaving the fresh, invigorating scent of the great outdoors on your skin. Valor®'s exclusive formula works with your body to combat odour without using harsh chemicals that force the body to stop sweating. Baking soda and arrowroot powder help absorb unwanted odours, while mango seed and cocoa butter moisturise. Valor® Deodorant contains none of the synthetic ingredients common in conventional deodorants such as aluminum salts and propylene glycol. While your body works hard to keep you cool, Valor® Deodorant works hard to keep odours away and leave you smelling forest-fresh!

Valor® Deodorant

Product Background

Make the move from conventional to naturally derived deodorant with Valor®. This clinically tested deodorant helps combat odours and provide long-lasting freshness. Odour-causing bacteria in the underarm area enzymatically convert fatty acids in sweat to thioalcohols, a kind of organic compound responsible for armpit odour. Valor® Deodorant's exclusive combination of ingredients fights odours without disturbing normal perspiration. Instead of harsh ingredients, Valor® is an empowering blend of essential oil aromas, including Camphor Wood from the Young Living Taiwan Cooperative Farm and Distillery. When it comes to a naturally derived deodorant that performs as promised, the victory goes to Valor®!
