

Ylang Ylang

Product Size: 15 ml

Item No. 33283

Originally native to Southeast Asia, ylang ylang is now grown and distilled at our farm in Ecuador. Belonging to the custard apple family, a mature tree can reach a height of up to 39 feet and produce thousands of vibrant, fragrant, yellow-green blooms.

Traditionally used in hair formulas to promote shiny, lustrous hair, Ylang Ylang essential oil has a sweet, floral aroma that was historically believed to balance yin and yang. It's a common ingredient in perfumes and personal care products that adds a luxurious and romantic aroma while also providing benefits to skin and hair. Ylang Ylang was one of Young Living Founder D. Gary Young's favourite essential oils.
