NingXia Red®

Product Background

Young Living Founder, D. Gary Young travelled the world looking for natural solutions to life's challenges. Over 20 years ago, intrepid Gary travelled to the remote hills of China. There he met Dr. Songqiao Chao who introduced him to the wolfberry, with its bright red colour. Known locally to be delicious, and for its helpful properties, Gary soon saw that those consuming the wolfberry benefitted. He learnt that Chinese biochemists at the Ningxia Institute of Nutrition had analysed the wolfberry and found it to be one of the most nutrient-dense foods on the planet! Gary was hooked and wanted to bring this incredible fruit to the world.

Suggested Use

- Blend NingXia Red into your smoothie, acai bowl, or morning juice as part of a quick, convenient breakfast.
- Chill and serve NingXia Red to family and guests at gatherings and celebrations when you're looking for a healthy alternative to sparkling drinks.
- Treat children to this tasty drink instead of sugary sodas or juice cocktails.
- Combine with NingXia Nitro.
- Add a drop or two of your favourite Plus essential oil for an extra flavour boost!
