

CITRONELLA ESSENTIAL OIL

USE

💧 Topical - 🌿 Aromatic - 🍯 Dilution

SCIENTIFIC NAME

Cymbopogon nardus

PRODUCT SUMMARY

Citronella essential oil is steam distilled from the leafy parts of the citronella plant, also known as *Cymbopogon nardus*. Thanks to its fresh, welcoming aroma, Citronella essential oil is a common element in perfumes and cosmetic products and is well known for its use in outdoor candles, sprays, lotions and other camping and outdoor essentials.

As a relative of Lemongrass, Citronella has a slight citrus scent that provides a pleasant and inviting experience whenever it's used. Its versatility makes it a great household product to add to your beauty routine or to refresh indoor and outdoor spaces.

BENEFITS & SUGGESTED USE

- Apply topically before and during outdoor activities. Dilute 1 drop with 1 drop of V-6™ Enhanced Vegetable Oil Complex or olive oil and apply to desired area as needed.
- Diffuse up to 30 minutes 3 times daily.
- Use Citronella's bright scent to sweeten a custom fragrance or diffusion blend.
- Apply topically to refresh and moisturise skin.
- Use as an alternative to deodorant. Combine with Melaleuca Alternifolia essential oil for added strength.

CAUTION

Keep out of reach of children. If you are pregnant, nursing, taking medication or have a medical condition, consult a health care professional prior to use.

INGREDIENTS

Cymbopogon nardus (Citronella) oil

†100% pure, therapeutic-grade essential oil
