

YOUNG LIVING WOOL DRYER BALLS

Why use dryer balls?

1. **Durable:** Works great with heavy loads of blankets and towels.
2. **Eco-and-people friendly:** No more harsh chemicals from traditional dryer sheets released into the air or left on clothing to irritate skin.
3. **Fresher laundry:** Absorbs and releases moisture evenly to reduce wrinkles and static cling.
4. **Budget-smart:** No more recurring costs for fabric softeners and dryer sheets.

How to use dryer balls

1. Add 3 - 6 drops of your favourite Young Living essential oil (we recommend Lavender) to one of the four dryer balls.
2. Toss all four dryer balls into the dryer with each load.
3. For best results, re-apply 3 - 6 drops of essential oil with every load.
