What makes Young Living unique?

Their genuine care for the quality of their products is second to none. I love not having to worry about looking for harsh ingredients. Young Living really is a one-stop natural products shop. And the way they treat their people, I have never felt so encouraged or recognised in my life! They truly are a company of heart.

How has your life changed since you joined Young Living?

We have a clearer home and a calmer, happier environment since joining Young Living. We have so much more time together as a family because of the flexibility this business brings. We're surrounded by the most incredible like-minded souls through this community. And finally - this business has made me grow and stretch as a person. I have so much more confidence and self-worth through the personal development this business has brought me.

What is your favourite Young Living product? Why? Explain what the benefits are to you.

I couldn't live without NingXia. Running a business with a toddler - I need my energy levels high!

Were you skeptical about essential oils and the Young Living opportunity before?

Yes! I thought oils were something that just made your home smell nice, I had no idea how powerful they truly were until I started using them myself. I was previously sceptical about the business opportunity, but I saw it changing many people's lives. I was mostly sceptical if it would work for me, I just had to find the belief in myself that I could do it.

Because you can create a flexible work/life balance, you just have to take a leap of faith.

What do you think is the most incorrect myth you have heard about Young Living?

That the business opportunity is a scam.

What would your response be to correct this myth if you heard it yourself?

This is no scam; this is life changing. It's not a get rich quick scheme and like most things in life - you get out what you put in.
