

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Aimee Hamer

What was your occupation before you joined Young Living?

Before Young Living I was an executive assistant within the Agribusiness sector of one of the 4 big banks.

What is your favourite Young Living product and why?

My favourite Young Living product is NingXia Red®. It sustained me through my pregnancies and the bone aching tiredness of 3 kids under 3.

Why would you recommend for others to join Young Living?

Young Living is a wonderful holistic wellness company, and in my eyes, they provide solutions to all the obstacles that this modern convenience-driven generation is facing. We also have an amazing and supportive community of like-minded people who lift each other up and inspire on another every day. Who wouldn't want to be a part of that?

What, in your opinion, makes Young Living unique?

Young Living makes products for a purpose, not for a profit. That alongside our incredible farms and philanthropic heart makes Young Living truly special.

How has your life changed since you joined Young Living?

After dedicating a lot of time and effort to Young Living, my life has changed in a profound way. It has changed the direction in which our lives were heading. Now, we are healthier than ever and working towards a greater goal: leaving the world a better place and a better future for our children.
