## Alison Smith

### **What was your occupation before you joined Young Living?**

My husband and I have owned an Ayurvedic therapy centre in Adelaide for 21 years and treat people from all over the world. We specialise in Ayurvedic massage, and work physically, emotionally and spiritually.

### **What is your favourite Young Living product and why?**

My favourite Young Living product is Tranquil™ Roll-On. I always have a bottle on me to use on myself and people I meet. I use it when I need to feel clear and relaxed, when I'm stressed out and when I need to focus.

### **Why would you recommend for others to join Young Living?**

Young Living has the most amazing products and attracts people who want to help others. The Seed to Seal® process carries such integrity, and guarantees we are getting the best oils on the planet.

### **What, in your opinion, makes Young Living unique?**

People don't just come to Young Living to buy essential oils. They come seeking a community where they can be supported on their wellness journey.

### **How has your life changed since you joined Young Living?**

Through the hard work, time and dedication I have given to build my business, Young Living has given me the opportunity to go on amazing adventures – to North America and Hawaii, France, Copenhagen, Spain, Morocco and Portugal. It's my perfect way to meet lots of new people, whether on the plane, in a taxi or sitting at a café. I had never travelled outside of Australia before Young Living. It's given me the opportunity to help many more people. Love it!
