

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Anthony Gandakusuma

What was your occupation before you joined Young Living?

I work as an executive officer in a not for profit organisation in Sydney and owner of a cloud solutions consultancy business for SME's in the Hospitality Industry.

What is your favourite Young Living product and why?

This is a tough one. It has to be either Ning Xia or Peppermint, but if I have to pick one, it would be Peppermint Essential Oil because of its versatility.

Why would you recommend for others to join Young Living?

I have seen numerous benefits from using Young Living products, one of them is improved wellness. One of my favourites is the Sinus blend which helps ease my sinus at night and in the morning.

What, in your opinion, makes Young Living unique?

The quality of Young Living products, paired with an excellent business module. Throughout my own personal experience, Young Living also provides a quite lucrative business opportunity for those who are willing to commit to it.

How has your life changed since you joined Young Living?

I've been using Young Living for more than 5 years. I can definitely say that I have more energy, calmer, healthier and Young Living is my go to for my allergies and sinusitis. Apart from that, it's rewarding to help others to thrive and be successful. Empowering people is one of my passion and Young Living provides an avenue for me to do what I love.
