

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Bridget Caddy

What was your occupation before you joined Young Living?

I was a nurse working in aged care.

What is your favourite Young Living product and why?

NingXia Red hands down! it's a daily staple in our household, everyone needs some NingXia in their life especially all the mamas.

Why would you recommend for others to join Young Living?

Why not? A one-stop shop full of low tox products, yes please! Makes it so convenient for families.

What, in your opinion, makes Young Living unique?

Because they honestly care, care about health and wellness of people & are making continuous steps towards bettering our environment as well plus all the support & education they provide us is incredible!

How has your life changed since you joined Young Living?

Motherhood changes you & having this opportunity to be at home with my daughter whilst working my Young Living business alongside my team is something special, it's changing lives & allowing people to live a life that aligns with who they are & where they want to go.
