What was your occupation before you joined Young Living?

I was working as a Reiki Master and Metaphysical Counsellor, both practising and teaching Reiki as well as coaching others on how to listen to their body. In June 2011, I interviewed a woman from San Diego on my Podcast radio show who talked of her Massage business and how she incorporated Young Living essential oils. The name 'Young Living' resonated powerfully with me and I needed to find out about them. The very next day I wandered across the road to the local Primary School Market and there was a stall there titled 'Young Living Essential Oils!' That was my 'sign' and I knew I needed to find out more. The very next week I became a member, incorporating them into my Reiki practice and never looked back!

What is your favourite Young Living product and why?

Valor oil because of the powerful effect it had on me at the very beginning of my journey. My husband, even with his lack of experience at the time, knew to place the Valor oil on the soles of my feet. Within minutes I felt it's calming affect. It's then I understood there was something special about these oils.

Why would you recommend for others to join Young Living?

Young Living's Seed to Seal Quality assurance is unique in its rigorous testing of our oils in making sure that their members and customers receive the best quality possible. I'm so grateful I heard the call and since then have built a growing team filled with amazing members and Leaders who I am blessed to call my friends. They love on people and are as passionate as I am about Young Living, sharing how to create a Young Living lifestyle.

What, in your opinion, makes Young Living unique?

It's the combination of the people that make up our oily family as well as oils themselves. I truly believe that the frequency of the oils call those that are ready to be part of this journey. Young Living is my Tribe!

How has your life changed since you joined Young Living?

My journey with Young Living has led me down a path of transformation, one that has assisted and continues to assist me with living ON PURPOSE. The frequency, the community, the self growth, the opportunities to bring the oils into all I do for myself as well as others as a Mindset Coach, Reiki Master & friend...Young Living is an absolute blessing!
