

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Cyrene Kong

What was your occupation before you joined Young Living?

Before I joined Young Living, I was the Sales Manager of the Melbourne Convention and Exhibition Centre. I had to give up my career after having twins and become a full-time mum of 3 boys.

What is your favourite Young Living product and why?

This is harder than asking who's my favourite son! But I always carry Helichrysum and NingXia Red with me everywhere I go! Helichrysum supports my youthful-looking skin, and NingXia supports my family's overall wellness.

Why would you recommend for others to join Young Living?

I'm sure we all agree that there is nothing more important than our wellbeing! Young Living has and continues to help my family to live a healthier lifestyle, and I would like to share this blessing with all my friends and future friends around the world.

What, in your opinion, makes Young Living unique?

Young Living is the world leader in the essential oils. Our Seed to Seal commitment guaranteed the quality of all our products. We are the first to partner with NASA to bringing essential oils and seeds to space!

How has your life changed since you joined Young Living?

Young Living has transformed me from a full-time mum into a leader with team members around the world, given me the opportunity to visit many YL farms with my family, expanded my community with new friends, while sharing this healthy lifestyle passionately with others.
