What was your occupation before you joined Young Living?

I was a stay at home mum of 2 boys.

What is your favourite Young Living product and why?

I'm obsessed with the Thieves Household Cleaner! I'm constantly cleaning, there's nothing more satisfying than knowing that any surface my kids touch is free from harsh chemicals. It's so versatile and can be used for many DIY's.

Why would you recommend for others to join Young Living?

Honesty and health are everything. This company is big on both. You can't find a more genuine and trustworthy company. Their Seed to Seal guarantee is huge, their commitment supports our health. Without our health we are nothing. Will forever recommend YL.

What, in your opinion, makes Young Living unique?

Their Seed to Seal standards make them truly unique. I also love that we're all treated equally, we're all celebrated and that we are special no matter the rank or role one has within the company. Everyone is made to feel a million bucks! That's so precious and unique.

How has your life changed since you joined Young Living?

Thanks to Young Living I feel inner peace knowing I am doing and giving my best to my family. Being able to help others while making an income doing something I love gives me so much joy. Family to me is always first, I feel blessed being able to set my own schedule to work around them.
