What was your occupation before you joined Young Living?

Teacher.

What is your favourite Young Living product and why?

Lemon Essential Oil. I love how uplifting and versatile it is throughout the home! Simple girl here!

Why would you recommend for others to join Young Living?

Not only do they have an incredible product range but they really offer it all at Young Living. From the business opportunity, potential to earn incentive trips, connection, education and passion. So many reasons!

What, in your opinion, makes Young Living unique?

The way in which they care so deeply and look after one another. Their recognition is nothing like I've experienced.

How has your life changed since you joined Young Living?

Drastically. My confidence and outlook on life is so different. It's allowed me to dream again, to strive for something more all while enhancing my wellbeing and building a business alongside my little ones. Young Living opened my eyes to how we limit ourselves daily and over the past two years I've been disciplined in my mindset and language to undo old, engrained beliefs so I can step outside the norm.
