## Ee Von Yeoh

### What was your occupation before you joined Young Living?

IT Solution Architect in Malaysia and now I am a stay-at-home mum after having my first born.

### What is your favourite Young Living product and why?

NingXia Red, because it's such a great antioxidant drink which my whole family loves the taste of. Also, Frankincense EO, which my family uses daily.

### Why would you recommend for others to join Young Living?

There are many people who are looking for natural alternatives, especially parents. I've seen the peace of mind it gives parents seeing their children healthy and thriving. It allows us to focus on their development and learning. This can be a perfect business opportunity or 'side hustle.' By working hard, being dedicated and patient, we can make an impact, while making a supplemental income.

### What, in your opinion, makes Young Living unique?

The culture, the people, the products are extraordinary. Young Living's integrity to provide the best products with the highest quality. They have a vision of prioritising sustainability by bringing Young Living to every home.

### How has your life changed since you joined Young Living?

The decision to stop working when I became a mum was hard. I felt lost but wanted to give my son, Shayn my full attention. Young Living and these amazing products have helped support my family's wellbeing, has given me purpose as a stay-at-home mum and has helped me find pieces of myself that were lost years ago.
