

In the spotlight with:

Elizabeth Makepeace

What was your occupation before you joined Young Living?

I was a remedial massage therapist.

What is your favourite Young Living product and why?

Clarity™ essential oil blend – I use it in many ways from diffusing to using directly on my throat.

Why would you recommend for others to join Young Living?

We have an answer for everything with regard to removing harsh chemicals from every day life.

What, in your opinion, makes Young Living unique?

The purest essential oils in the world from our own farms. No other company can compete.

How has your life changed since you joined Young Living?

My life has completely changed since joining Young Living. Not only am I the healthiest I've ever been but as a single mum I have a steady income from creating a successful Young Living business over the years due to the hard work, time, skill and effort I have put into growing it.

I now see the opportunity to create a healthy legacy for my future generations; something that I didn't think would be possible. Moving from far north Queensland to Sydney to be closer to family without having my business jeopardised is very reassuring.
