What was your occupation before you joined Young Living?

Human Resources Consultant.

What is your favourite Young Living product and why?

Stress Away. It's the oil that started it all for me. I sampled the oil and it felt like a literal weight off my shoulders. I said yes to my starter bundle & yes to this business and so much has changed for the better since.

Why would you recommend for others to join Young Living?

I recommend Young Living to others because I am so confident in the quality of their products. I have personally seen the improvements in mine and my family's wellness since making the switch and want that for everyone. Young Living take the guess work out of choosing better for ourselves and our families.

What, in your opinion, makes Young Living unique?

Their unwavering commitment to quality, passion for people, generosity and the thriving community that brings the brand to life.

How has your life changed since you joined Young Living?

In every way! We have a healthier home & better knowledge of natural wellness. We work our online business from the road exploring our beautiful country with our kids. We've made friendships across the globe. Everything in our life is better for having joined Young Living.
