

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Emma Prideaux

What was your occupation before you joined Young Living?

I was a wedding and portrait photographer.

What is your favourite Young Living product and why?

It is so hard to choose just one - all the products are so amazing! I do have a soft spot for the NingXia products though - especially Zyng! As a busy mother of two little girls I love the natural energy boost it gives me every day!

Why would you recommend for others to join Young Living?

These products are so amazing, and they will change your wellness journey for the better. In addition to that, the amazing business of Young Living is unlike anything else! If you are looking for a business model that can bring abundance and flexibility into your life while still allowing you to be present with your family - this is it. I can't imagine my life without these products or this business!

What, in your opinion, makes Young Living unique?

The community of Young Living is unlike anything I have ever experienced - it is so unique. I didn't realise when I joined that I would be joining an amazing community of people who are so passionate about supporting one another - we rise by lifting others! I love that we work hard and chase our dreams together! That, and the unparalleled quality of amazing products make Young Living so special!

How has your life changed since you joined Young Living?

Life for our family has changed so much! Our health and wellness journey is a top priority now and essential oils and YL products are a part of our everyday routine. I have been able to build a business that has allowed me to stay at home with my babies - which is priceless to me as a mother. I am incredibly grateful for all the amazing opportunities Young Living has given us.
