Julie Rodrigues

What was your occupation before you joined Young Living?

Bookkeeper/Executive Officer.

What is your favourite Young Living product and why?

Stress Away. I not only wear it as a beautiful scent, it also gives me a sense of peace.

Why would you recommend for others to join Young Living?

I would recommend them because of the amazing ethical product range, the business opportunities and for the family environment it provides your team and other members of Young Living.

What, in your opinion, makes Young Living unique?

It's because you can teach an old dog new tricks. As a 55 year old woman pretty set in my ways it wasn't until my daughter had my grandchildren and started using the Young Living essential oils that a whole new world opened up. It made me realise that it was my responsibility as much as anyone else to do my part to ensure that my grandchildren and their children after them have a future.

How has your life changed since you joined Young Living?

I have more knowledge, I have a sense of peace and there is an amazing Young Living family that is there to always help and support each other.
