

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Kim Dellar

What was your occupation before you joined Young Living?

I am the owner/manager of a chiropractic clinic, which I still have and am still managing. I love both my Young Living business and chiropractic clinic.

What is your favourite Young Living product and why?

This is such a hard pick! If I could only have one YL product, it would be Frankincense. I love the properties of this essential oil and what it can do. It has so many uses, I love how it makes me feel and look.

Why would you recommend for others to join Young Living?

Being part of the Young Living team allows you to improve your wellbeing easily, which is so important. The products are amazing and the quality is outstanding. The wellbeing of your body and mind are the key to a happy life.

What, in your opinion, makes Young Living unique?

The range of products and the quality of the products. Nothing compares. The Seed to Seal® promise and the Young Living heart - you can feel it.

How has your life changed since you joined Young Living?

Young Living has given me another purpose in life. To share wellness and abundance to others. Young Living has also given me many new relationships with like-minded people, which makes life even more enjoyable.
