What was your occupation before you joined Young Living?

Marketing manager, sales director and most recently social media manager.

What is your favourite Young Living product and why?

I am going to cheat and say my favourite product is the Premium Starter Kit as I use all of those oils and the diffuser daily. If I had to pick one oil it would be Stress Away as just one drop can change my day!

Why would you recommend for others to join Young Living?

Firstly, the quality and effectiveness of the products. YL has over 500 beautiful products you and your family can trust. Not only the best oils in the world but toiletries, cleaning, makeup, skincare and so much more. Young Living is way more than just products. It's a lifestyle!

What, in your opinion, makes Young Living unique?

My motto in life is that "Integrity is the essence of everything". The 'products and people before profits' culture and below mission statement speak to my soul.

"To honour our stewardship to champion nature's living energy, essential oils, by fostering a community of healing and discovery while inspiring individuals to wellness, purpose, and abundance."

How has your life changed since you joined Young Living?

It's hard for your life not to change when using these magical oils! Doing YL as a business means I get to live my passion every day. Sharing the oils and watching people's lives transform makes my heart sing with joy. This is not work – it's pleasure! I am blessed to be a part of such a loving and nurturing community.
