What was your occupation before you joined Young Living?

I still work as a Payroll Officer in addition to my Young Living business.

What is your favourite Young Living product and why?

My absolute favourite YL Product is Valor. Personal development has become a huge part of my YL journey and Valor has allowed me to step out of my own shadow and gain the confidence to try new things.

Why would you recommend for others to join Young Living?

Young Living is a busy mum's dream company. Having all your day to day health, wellness and beauty products made with the highest quality ingredients delivered straight to your door makes life so easy. Every household needs Young Living.

What, in your opinion, makes Young Living unique?

Young Living's Seed to Seal standards guarantee the most natural and reliable products on earth. Being blessed with the opportunity to visit the farms and experience first-hand these standards, from planting seedlings to hand weeding crops, you truly get to feel the quality and the dedication of Young Living as a whole.

How has your life changed since you joined Young Living?

My YL journey started when my eldest daughter decided to stop sleeping. My husband and I had run out of ideas to save the sanity of our large family and we needed help. One essential oil roller made with love from a friend created a new bedtime routine which brought sleep back to our entire household. Now I am blessed to be able to share my success and love to other families.
