What was your occupation before you joined Young Living?

Property Manager.

What is your favourite Young Living product and why?

If I had to choose, I can't go past Frankincense. I use it every day without fail & it's supported me through some pretty difficult times the last few years.

Why would you recommend for others to join Young Living?

Aside from the incredible products & how easy it has been to switch over my home & have a complete lifestyle change at my own pace, the community & generosity of the company itself still blows my mind. It's a very rare thing!

What, in your opinion, makes Young Living unique?

The recognition & genuine care of not only my immediate team, but company-wide. The time, and effort that Young Living puts in to all their members & the quality of the products is very unique.

How has your life changed since you joined Young Living?

Thinking about this question gives me goosebumps, because it's changed so much. Not only do I know more & make better choices for my families wellbeing, I've been able to grow so much as a person. I'm so much more confident, stronger & know what I want out of life and I'm on my way to creating it.
