

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Lyn Van Der Giezen

What was your occupation before you joined Young Living?

I was retired. Previous to retirement I ran the office for the family business in Office Supplies.

What is your favourite Young Living product and why?

If I could only choose one it would have to be NingXia Red as it keeps me being the young Nana I want to be. Active, healthy and happy. If I am allowed to choose more the ART Skin Care range too, as NingXia Red keeps me feeling young from the inside and Art on the outside.

Why would you recommend for others to join Young Living?

Everyone can benefit from Young Living as I believe in looking after yourself and living a healthy lifestyle now. I love all the household and personal care products and love that my home is fragrance free as well.

What, in your opinion, makes Young Living unique?

The people, the farms and Gary Young's Seed to Seal standard.

How has your life changed since you joined Young Living?

I have been a member for over 5 years now and I have made the most amazing friends and love being a part of a positive, healthy movement.

I also love that I can share this journey with my daughter and son in-law and help others create the same lifestyle too. I am very grateful to my Young Living team and love to support them and see them grow. One of my highlights every month is the Oils Club I host at my home to help and inspire members.
