

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Maddy Evennett

What was your occupation before you joined Young Living?

I have a background in Design and have been raising two little ones.

What is your favourite Young Living product and why?

If I had to pick just one product it would be Frankincense! I am blown away by the impact of this oil and how it has supported me. I do not go a day without using Frankincense as my companion.

Why would you recommend for others to join Young Living?

I would recommend Young Living to others so they can better their wellbeing and lifestyle, supported by a community that walks alongside them on their journey.

What, in your opinion, makes Young Living unique?

In my experience, Young Living is like no other. The quality of products and the community that comes along with it continue to blow me away. They care passionately about their products, shown by their Seed to Seal quality, and they care about their people. From the detail of customer care to the generous business opportunity, in my opinion, Young Living is unmatched across all areas.

How has your life changed since you joined Young Living?

Words cannot describe the impact Young living has had on my family. It has helped improve our overall wellbeing and lifestyle and I have been able to bless many other families with these amazing oils too, all from the comfort of my own home. Being able to do this alongside my children has been incredible.
