What was your occupation before you joined Young Living?

Naturopath.

What is your favourite Young Living product and why?

I LOVE Endoflex.... Amazing product.

Why would you recommend for others to join Young Living?

The ethics of the company. I have been exposed to many suppliers over the years, but I really found a soul connection with Gary's philosophies as it resonated with mine. I have also been working with frequencies for years and knowing the purity of YL, I know I can achieve much with these authentic, correct frequencies.

What, in your opinion, makes Young Living unique?

The ethics. Without that, we just have another product like all the other thousands of companies out there.

How has your life changed since you joined Young Living?

It has had a major impact on my life. It is hard to describe in words how grateful I am for YL coming on my path, but it arrived at a time in my life when I had very little hope for natural products and I will forever be thankful for that.
