What was your occupation before you joined Young Living?

I own a herbal tea factory in Iran, an export company in China and also run a homeless organisation in China.

What is your favourite Young Living product and why?

GERANIUM. It gives me an amazing boost and a beautiful feeling always :)

Why would you recommend for others to join Young Living?

Firstly, the essential oils are the best you can ever get on this planet. Secondly, the Essential Rewards program and business structure are attractive.

What, in your opinion, makes Young Living unique?

The quality of the essential oils! The Young Living Essential Rewards program and just being part of the Young Living family itself are already SO UNIQUE.

How has your life changed since you joined Young Living?

Having the opportunity to connect with other members globally with this same interest has been the greatest change. As there is much knowledge to be shared and learned. I super super LOVE it!
