

In the spotlight with:

Meredith Olen

What was your occupation before you joined Young Living?

I was a high school music teacher.

What is your favourite Young Living product and why?

Tricky question but I'd have to say OmegaGize3™.

Why would you recommend for others to join Young Living?

Health is everything. I have learnt this through personal experience. And if people are willing to share and help others, they have the opportunity to earn extra income too.

What, in your opinion, makes Young Living unique?

The culture. Young Living values every member so highly, and this is evident in everything they do.

How has your life changed since you joined Young Living?

I now have a life where I set my own work hours in a way not possible before. I am able to be involved in my children's lives more too, and the joy I experience supporting other women in particular, is immeasurable. I have regular 'pinch me' moments and am travelling more than ever before... something I love to do as well.
