

MEMBER SUCCESS STORY

GOLD

In the spotlight with:

Merel Hartgens

What was your occupation before you joined Young Living?

Back home in the Netherlands I used to work in marketing and when I got to Australia I worked in admin for a hail damage repairer.

What is your favourite Young Living product and why?

Frankincense has been an incredible emotional support for me during the past two years. I haven't skipped one day of using Frankincense since I've got my started bundle.

Why would you recommend for others to join Young Living?

The products are an investment in your own wellness. Beyond that, Young Living has incredible values as a company and offers the opportunity for you can create an incredible work/life balance if you're willing to step out of your comfort zone and put in the time and effort.

What, in your opinion, makes Young Living unique?

The Seed to Seal promise, their ethics and integrity as a company. The community they have created is unique, and I have never experienced so much support and encouragement from a company like this.

How has your life changed since you joined Young Living?

It has transformed my overall wellness and at the same time I've grown as a person. My confidence has grown and it has given me so much purpose.
