

In the spotlight with:

Shiang-Yuan Huang

What was your occupation before you joined Young Living?

Full-time mum.

What is your favourite Young Living product and why?

NingXia Red gives me energy to accompany my children throughout our high-intensity schedule. Gratitude Essential Oil reminds me to be grateful for life and all people and things.

Why would you recommend for others to join Young Living?

Not only because of the incredible products that promote a healthy lifestyle, but also the business opportunity that connects people, allows them to grow and empower others to make informed choices.

What, in your opinion, makes Young Living unique?

Young Living is all about love.

Gary's philosophy and mission lead us to be passionate about inspiring and helping people find a healthy lifestyle that best suits them.

How has your life changed since you joined Young Living?

Young Living is a blessing and a gift. It has allowed me to meet more friends. It has allowed me to learn and grow in many different fields. It has helped me break through the limitations and fears I had about myself in the past. More importantly, I can set an example for my children - to take care of more people around us, so that we can all live fruitful, healthy, happy and make educated choices together.
