

In the spotlight with:

Steve Martin

What was your occupation before you joined Young Living?

Electrical Design Engineer & Project Manager, Design Office Manager and Business Operator in a heirloom seed business.

What is your favourite Young Living product and why?

Every YL member agrees this is the most difficult question – we all have so many. Sometimes I say Australian Blue™ or Stress Away™ or something else – but this time I'm going to be very honest. In truth, Young Living's greatest product is Freedom™ essential oil blend. That's the one I love the most – the freedom YL has given me. You might say that's not a product, but it really is – it's what comes out of every essential oil, every supplement, every blob of toothpaste & every swig of NingXia Red® – it's what this company provides. If it was all in one bottle, the label could only be 'Freedom™'.

Why would you recommend for others to join Young Living?

I like to see people thrive and be what they were created to be. People thrive at their best when they are healthy, when they are free and when they have purpose. In today's stitched-up world, I have found Young Living offers one of the few viable doors to a different world that is characterised by wellness, purpose and abundance.

What, in your opinion, makes Young Living unique?

It is rare today to find a company which understands that genuine integrity is the true path to success in today's marketplace. Many thousands of companies pay lip service to that concept and hope to profit from it but Young Living has integrated it throughout the entire organisation and made it core to everything it does as a company. It has a well-developed culture of integrity and a reactive rejection of compromise.

How has your life changed since you joined Young Living?

YL has changed my life in many ways, from empowering me to enjoy outstanding health, solving day to day issues as a parent and having something to offer to anyone I have the opportunity to help. But, by far the greatest and most wonderful change is the time I get to be an engaged parent to my little girl. You can't buy that. It's literally priceless. Thank you Young Living – thank you Gary.
