

In the spotlight with:

Bree-Anna Hudson

In what year did you join Young Living?
2017.

How did you find out about Young Living & who introduced you to Young Living?

I went to an essential oils class and was sold on the spot! I was introduced by a lady called Alex. Our children both attended my mother-in-law's family daycare, and I also used to cut her daughters hair as I did mobile hairdressing at the time, so we became friends.

What was your occupation before Young Living?

Hairdresser.

What makes Young Living unique?

The education, support and community are unmatched. Seed to Seal of course too.

How has your life changed since you joined Young Living?

I can't even put it into words. Being part of the Young Living community has been incredibly rewarding. I've had the chance to meet and connect with like-minded individuals who share my passion for health and natural wellness. I've met some amazing women who I now consider best friends. I homeschool my three kids, and YL has allowed me to do that, and still bring in a solid income. The places I've been able to see in the world from working hard in this business, and the experiences my family have had are unmatched. I've grown as a person, and I'll be forever grateful. I'm just so glad I said YES.

What is your favourite Young Living product? Why? Explain what the benefits are to you.

Such a tough one. I think Ningxia Red is definitely my favourite and something we all can't be without now. The natural energy we get from one superfood drink that tastes delicious, there's nothing quite like it.

Were you skeptical about essential oils and the Young Living opportunity before?

Absolutely!

MEMBER SUCCESS STORY

PLATINUM

What changed your mind about Young Living?

As soon as I smelled the Young Living Oils, I knew they were different from anything I had tried before.

Why would you recommend others join Young Living?

Joining Young Living opens doors to a vibrant community of like-minded individuals who share a passion for natural wellness solutions. Whether you're looking to enhance your well-being or explore a potential business opportunity, Young Living offers a pathway to both personal and professional growth. It's a win-win, really.

What do you think is the most incorrect myth you heard about Young Living?

That Young Living is a pyramid scheme!

What would your response be to correct this myth if you heard it yourself?

That it would have to be the longest pyramid scheme ever...going for 30 years. Plus, it's a legitimate company, with amazing products. We recommend our favourite products and get rewarded, just like anything else.
